Hate Litter?

Here's How to Make it Disappear

To help our community celebrate Earth Day every day of the year, York County residents, organizations, civic groups, schools, and neighborhoods that want to clean up litter or eliminate illegal dumpsites, can dispose of waste from a clean-up effort free of charge at the York County Resource Recovery Center. The Authority is working with Keep York County Beautiful to stop illegal dumping in our community and clean up existing dumpsites. If you would like to help clean up a site, contact Tom Smith at Keep York County Beautiful at 717-840-2375, or tls35@psu.edu. Keep York County Beautiful will assist with providing free gloves, bags and safety vests. To register for the Authority's free litter disposal program, call Jen Cristofoletti at the Solid Waste Authority at 717-845-1066.

Participants will be asked to provide information regarding the type of organization, contact person, phone, address, and location of area to be cleaned. Once registered, groups will receive guidelines for participation and a vehicle dashboard placard that will enable them to enter the Resource Recovery Center to deliver litter. The litter disposal program is a great way for the community and civic groups to participate in a year-long event that honors our planet and cleans up our community.

Recyclable materials MUST be separated from the litter and recycled. Participants can take recyclable materials to any recycle drop-off center of their choice. A recycle drop-off center is located across from the Resource Recovery Center and can accommodate the following items: plastic (#'s 1-7); steel, bi-metal and aluminum cans; newsprint; dry cardboard and paperboard; and unbroken clear and colored glass.

The Authority facilitates responsible solid waste management through an integrated strategy that emphasizes waste reduction, education, recycling and resource recovery.
